HARMONY COLLECTION

Sunchain

Back to Bauhaus.

Imagine standing in a kitchen, simplifying all objects into elements. We might observe the construction of lines, shapes, and geometric, think all front side drawers of furniture as a chessboard, we should utilize these rational lines to keep the atmosphere harmonious.

Thus, we inherited the Bauhaus spirit; the emphasis on "form and functions are one" will be incorporated into our furniture hardware collection in 2024.

At each glance, you will notice our new collection of handles can harmonize and resonate with rational interior quite reasonably, that represents a new interpretation of classic typology, a unique design language that belongs to SunChain.

Seven colors have been chosen as our exceptional finish, Inox, Nickel, Chrome, Gold, Bronze, Black, and Anthracite. We are proud to say that these colors presented on the new furniture hardware collection will definitely enhance private homes, becomes an elegant and integral part of the extension.

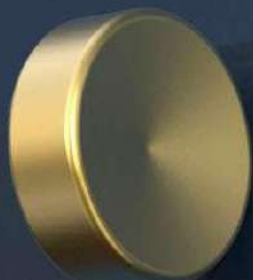

“WINK.”

The “Wink” knob is quite simple yet a refined piece with multiple purposes. The inner curve provides a good pull, and the outline elevates the elegance of our furniture.
